1. Introduction

Course Overview

At *CORPORATE SCHOOL*, we understand that workplace safety is critical for both employee well-being and organizational success. Our *Workplace Safety Course* is designed to provide participants with essential knowledge and skills to ensure a safe and compliant workplace. This course will help you identify workplace hazards, understand safety protocols, and learn how to respond effectively to safety risks.

Whether you're a manager, team leader, or an employee, this course will give you the tools to prevent workplace accidents, comply with health and safety regulations, and foster a culture of safety within your organization.

The course is suitable for all levels of staff and is designed to be interactive, practical, and easy to apply in real-world workplace settings.

Target Audience

This course is ideal for:

- **Managers and supervisors** who need to implement and oversee workplace safety protocols.
 - **HR professionals** seeking to understand safety requirements and ensure compliance.
 - **Employees** at all levels who want to develop a greater understanding of safety practices and regulations.
 - **Small business owners** who are responsible for the safety of their staff and workplace.
 - **Health and safety officers** looking to refresh or deepen their knowledge of safety procedures.
-

2. Course Description

What You Will Learn

The *Workplace Safety Course* covers a wide array of topics to help ensure a safer work environment:

- **Introduction to Workplace Safety:** Learn the fundamentals of workplace safety and why it is crucial for employee well-being and organizational success.
- **Identifying Workplace Hazards:** Learn how to spot potential hazards, from physical dangers to ergonomic risks, and how to address them proactively.
- **Safety Regulations and Compliance:** Understand the workplace safety regulations that must be followed in Australia, including Work Health and Safety (WHS) laws.
- **Risk Management and Assessment:** Learn how to conduct a risk assessment to identify hazards, evaluate risks, and implement measures to mitigate them.
- **Emergency Preparedness:** Develop skills in creating and implementing emergency protocols, including fire safety, evacuation procedures, and first aid.
- **Creating a Culture of Safety:** Learn how to foster a safety-conscious culture within your workplace to ensure that safety protocols are followed consistently.

Course Benefits

- **Improved Workplace Safety:** Minimize accidents and injuries in the workplace by learning proactive risk management strategies.
- **Compliance with Safety Regulations:** Stay up-to-date with Australian safety regulations and ensure your workplace is compliant.
- **Practical Tools:** Walk away with actionable strategies, risk assessments, and safety protocols that you can implement immediately.
- **Enhanced Employee Well-being:** Ensure the health and safety of your employees, fostering a more productive and positive work environment.

- **Reduced Costs:** By preventing accidents, you will save costs related to insurance, worker compensation, and legal fees.
-

3. Course Schedule

Duration

The *Workplace Safety Course* is a **3-day program**, offered in both in-person and online formats. The course is structured to provide comprehensive coverage of workplace safety topics while allowing participants to engage with practical case studies and group activities.

In-Person Course Schedule:

- **Location:** 45 William Street, Brisbane, Queensland, Australia
- **Dates:** Monday to Wednesday, 9:00 AM to 4:00 PM each day.

Online Course Schedule:

- The online version of the course follows the same schedule as the in-person course. It includes live webinars, interactive activities, and group discussions facilitated by experienced instructors.

Detailed Weekly Schedule

Day 1: Introduction to Workplace Safety and Hazard Identification

- Morning: Understanding the Importance of Workplace Safety
- Afternoon: Identifying Common Workplace Hazards (Physical, Chemical, Ergonomic, etc.)

Day 2: Safety Regulations and Risk Management

- Morning: Overview of Australian Work Health and Safety (WHS) Regulations
- Afternoon: Conducting a Workplace Risk Assessment and Implementing Risk Control Measures

Day 3: Emergency Preparedness and Safety Culture

- Morning: Emergency Procedures (Fire Safety, First Aid, Evacuation Protocols)
 - Afternoon: Creating a Safety-Conscious Workplace Culture and Maintaining Compliance
-
